EXPERIENCE

Student Internship | Multimedia and Film Arts

Red7 TV

January 2024 - July 2024, Angeles City

- Completed an 80-hour internship focused on multimedia and film arts, acquiring extensive hands-on experience in the industry.
- Achieved a perfect score of 72/72 on the student appraisal form, highlighting competence in multimedia and film arts, exceptional ork ethics, and a strong aptitude for the field.
- This allowed me to apply my skills in a professional setting and learn about the intricacies of film production.
- Utilized and learned professional equipment to leverage skills and experience. Introduced to main equipment: cameras, gimbals, tripods. Calibrated gimbals and practiced filming in different locations such as The Cube and Gustav.

Audio Visual Presentation Commission

Holy Angel University

September 2022 - November 2022, Angeles City

- Commissioned to produce a 3D Animated Audio Visual Presentation (AVP) during Holy Angel University's Foundation Week.
- Used Blender and Adobe Premiere to create a 3-minute video presentation, utilizing over 100 hours of combined software usage for editing and rendering.
- Collaborated with a team of only two members with both of us being the scriptwriters, storyboarder, sound designers, etc. to ensure a cohesive final product. Produced the AVP in 1080p resolution, with a total file size of 2GB, ensuring high visual and audio quality.
- Effectively managed to stay within a limited budget for software licenses by using a personal Adobe Premiere license and leveraging Blender's free access, along with copyright-free audio and background music.
- Completed 2 major revisions based on feedback from university stakeholders, enhancing the final product's effectiveness.
- Focused on character design, 3D modeling, and animation.
